## Features That Matter

### Easy Cleanability

Built in clean-out space between the seat and back of the chair simplify the cleaning process.

### Tamper Resistant

The upholstered seat base is fastened with Torx secure hardware that is specially engineered to eliminate exposed edges and mitigate any opportunity for tampering.

### Concealed Staples

The upholstery is double stitched with concealed staples for additional durability and for the safety of residents and staff.

### Non-Removable Glides

Injection molded nylon feet protect the floor from scratching without risking the safety of residents and staff.

### Affixed Arm Caps

The highly durable arm caps are affixed directly to the steel frame and are specially formulated to be pick and pry resistant.

### Highly Customizable

A wide assortment of fabrics, finishes, arm options and seat widths make it easy to create highly customized configurations that fit any environment.

### Tactfully Robust

A balanced combination of modern design and robust durability that satisfies the needs of heavy use environments without the institutional look or feel.

### Optional Steel Ballast Plate

An optional steel ballast plate can be securely fastened to the bottom of the seat to add additional weight, reducing the risk of moving or throwing the chair.

### GreenGuard Gold Certified

The highest level of GreenGuard Certification, this product meets strict health-based criteria for VOC emissions and total chemical emissions.
