DETAILS

Finishes

See Design Guide for finish options.

*Due to differences in monitors, printers and materials, actual product colors may vary. Color chips are available for more accurate depiction of color.

Options

Non-Removable Glides, Bolt-Down Kit, Add on Unit (VFB0-1), Cuff Rings

Assembly

VersaFrame™ ships flat-packed and requires assembly. Refer to manufacturer's instructions for assembly.

Fabrication & Material

Base Frame: Square tube steel, bent and welded to provide modular, in-line seating. Flat steel plate welded to the frame at each seat location to provide strength, support, and a mounting platform on which the seat is attached. 16 gauge steel tube with 14 gauge steel seat plates with 1/4" bend.

Seats: One-piece seat and back. Smooth maintenance free surface allows for easy cleaning. Molded-in threaded steel inserts provide for tamper resistant attachment to base frame. Rotationally molded, specially formulated, high-impact polyethylene with ultraviolet light stabilizers (to reduce fading). Chemically resistant to blood, vinegar, urine, feces, salt solution and chlorine solution. Premium TruColor™ polymer is fully compounded for superior color consistency and durability.

Installation

For bolt-down application, fasten to floor. Floor mounting hardware included.

Warranty

10 year limited replacement warranty

Maintenance

Frame: Norix recommends the use of soap and water for both the regular cleaning maintenance and deep-scrub cleaning of powder coated steel.

Seats: For routine and regular cleaning maintenance, Norix recommends the use of Simple Green® or an equivalent cleaning product. This product is bleach/water solution cleanable and suitable for use with hospital-grade disinfectants (such as Virex®, Wexcide® or Oxivir Five 16®) per manufacturers' instructions.

TESTING

Performance Test Standards

- Product tested to 1,000 lb static load
- Product dynamic drop tested to a relative impact force of two times ANSI/BIFMAX 5.4 15.4.2012 (250 lbs. from 18").

Environmental Test Standards

GREENGUARD and GREENGUARD Gold Certified by UL Environment. Product certified for low chemical emissions to UL 2818. UL.COM/GG.

Flammability Test Standards

Compliant with the following flammability standards:

- State of California, Technical Bulletin No. 133, Flammability Test Procedure for Seating Furniture for Use in Public Occupancies
- UL1056 Fire Test of Upholstered Furniture
- ASTM E1537 Test Method for Fire Testing of Real Scale Upholstered Furniture Items
- NFPA 261 Cigarette Ignition Resistance of Upholstered Furniture

When Submitting a Quote Online

Step 1 - Choose between single seat or multiple seats.

Step 2 - (If multiple seats are selected) type in total number of seats in tandem.

Step 3 - Select seat color.

Step 4 - Choose between bolt down or glide.

Step 5 - Option to add Cuff Ring to single seat or Cuff Rings to all seats.

Step 6 - Type in total quantity of tandem units.

Step 7 - Submit new request online for different seat color or different tandem quantity.
