Mix-Up

SEATING SERIES

Mix-Up Series

Mix-Up is an upholstered commercial furniture line from Norix that allows you to use five different-shaped products to produce endless configurations. This diverse series is perfect for waiting rooms, lobbies or any area where playful, attractive and durable furniture is applicable.

Small Round

Large Round

Square

Rectangle

Wedge

Features That Matter

GreenGuard Gold Certified

The highest level of GreenGuard Certification, this product meets strict health-based criteria for VOC emissions and total chemical emissions.

Ballastable

Ballasting offers additional security by adding weight, reducing the risk of moving or throwing.

Tamper Resistant

The base and seat are securely attached together with tamper resistant fasteners for added safety.

Easy Cleanability

Bleach solutions and hospital-grade cleaners can safely be used for sanitation without effecting the surface material or color.

High Density Foam Interior

The high-density foam interior provides stability and comfortable seating.

Contraband Resistant

An enclosed bottom limits the capability to store and hide contraband.

Concealed Staples

The upholstery is double stitched with concealed staples for additional durability and for the safety of residents and staff.

Drip Edge

The drip edge prevents fluids from running in between the upholstery and the base. Fluids will instead drip down to the floor and allow for an easier, more thorough sanitization.

Endless Configurations

Mix and match five different pieces to create an endless number of custom configurations.
