Assembly

Refer to manufacturer's instructions for assembly.

Fabrication & Material

Base: One-piece, rotationally-molded polyethylene with lightly textured, maintenance-free surface which allows for easy cleaning. Specially formulated, high-impact polyethylene with ultraviolet light stabilizers (to reduce fading). Chemically resistant to blood, vinegar, urine, feces, salt solution and chlorine solution. Premium TruColor™ polymer is fully compounded for superior color consistency and durability.

Laminate Top: Premium M3 Grade, 45 lb. density particle board table top core is sandwiched between 1/8" thick hardboard and faced with special 0.05" thick high pressure laminate for superior quality and long term durability. Molded edge is radiused for safety and comfort, pressure fused to the top, rendering it firmly attached and highly sanitary. Embedded T-nuts secure top to base with tight steel-to-steel connection for maximum long term reliability. Robust 1.5" thick edge profile. Made in the U.S.A.

Installation

Ballast weighting required to validate warranty. Recommend 200 pounds of dry sand or gravel ballast. On site materials not supplied by Norix.

Warranty

10 year limited replacement warranty.
